- SITech
Admission of Homosexual Behaviour

1 Hereunder at flagged folio is Stn Namas AFP investigation report concerning the alleged theft of private property from the Airmen's Quarters at that unit on 4 Feb 61.

2 Your attention is drawn to para 7 of the report wherein it is stated that when interrogated on 6 Feb 61 in connection with the theft, [redacted] voluntarily admitted having committed an "indecent" act with a homosexual for an agreed amount of \$10.00 on the night of 4 Feb 61 in the city of Edmonton. Thereafter, and during the same night, he had availed himself the services of a female prostitute whom he paid \$10.00 after which he met an unknown man and woman with whom he states he slept with for the remainder of the night and engaged in sexual intercourse.

3 Para 8 of the above report, it will be noted, indicates that the SMO at Stn Namas has forwarded a copy of [redacted]'s statement to the SMO at Stn Rivers. In view of the nature of this airman's admission, it is presumed that action in accordance with CAFAC C24.00/54 will be taken by Stn Rivers.

4 It will be observed also that neither Stn Rivers AFP report dated 18 Feb 61 or AIC HQ's covering letter dated 27 Feb 61 make any mention of what action under the a/n CAFAC or other career action was taken or is contemplated in this case.

5 [redacted] is 26 years of age and enrolled on 7 Jun 51. He is [redacted]. Having regard to the disgusting nature of his activities while on TD at Stn Namas, his suitability for retention appears very doubtful.

6 This airman holds a Secret security clearance for which his suitability should be reviewed in the light of the foregoing. Before doing so, may this directorate be advised ~~what~~ on the matter of his retention in the service.
