Secretary PMAC

Proposed Confidential TSO
Sexual Deviates - Disposition

1. The existing Army instructions on the disposition of sexual offenders has been under review by D Adm, as a result of representations of the Commands, including:
 - a. requests for increased authority at the station or unit level, particularly in respect of minor incidents;
 - b. enlarged distribution, eg, to stations and units, of the underlying policy on release or other disposition.
2. In view of the tri-Service aspects of this problem and the obvious need for uniform policy upon integration, a draft TSO has been prepared in D Adm for consideration by PMAC.
3. If approved in principle by PMAC, it is recommended that this draft be referred to an ad hoc committee or to TSDO for study and preparation of a recommended draft TSO for PMAC and PAC approval. In view of the nature of the subject matter, any order published on this subject should be classified CONFIDENTIAL.
