Having read and fully understood this warning, I hereby make the following free and voluntary statement: Last fall, last week of November we had a party in B.R. 4 in ██████████'s room, I drank quite a bit that night, but wasn't drunk, just feeling high.

We drank Beer all night and around 0600 hrs I went to washroom, seen an empty bed in Room facing the washroom and went to sleep on that bed (had no reason not to go in my barracks) I just felt tired and lay down for a couple of hours, because I had to clean my room and the bar for CO's inspection.

Got up at 0900 hrs, went in barracks to clean my room and then went to clean the bar. Don't know whose Room I slept in that night.

On 22nd of December I got up at 1030 hrs met ██████████ he give me a drink of RYE just before he left for Williams Lake on his days off; Went for lunch and spent most of the afternoon in the pool Room by myself, had nothing to drink that afternoon. Went for supper at 16.30 hrs and then went in the club for a drink. Left the club around 18.30 hrs after purchased some six (P&P) for the liquor I had in my Room (RYE). Went to Barracks went upstairs in ██████████'s Room, to give him a drink. ██████████ was there and Sheey, I give them a drink and had one myself and then Davis came along and I gave him a drink too. Between us four we drank the half bottle I had left, and around 2000 hrs we went in the club for some more drinks, we played Cards, Cards (cribage) and talked for a while, while I was drinking heavy. Remember left the club around closing time to go to Barracks and then I don't remember anything else except that I think I had an argument with ██████████ later on that night but not positive. At 1030 hrs the next morning ██████████ woke me up to check on me and ██████████ told me vaguely that I went to bed with ██████████ the night before but didn't want to believe him. Two days later I talked with ██████████ and asked him if it was true what he told me (that I slept with ██████████) and he told me it was true; so I had to believe him.
