SUSPECTED SEXUAL OFFENCE

1. It is not the normal practice to lay charges either in civil court or under the Code of Service Discipline for incidents of this nature. The normal practice for Regular Force personnel is to release the individual involved under Item 5(d).

2. As you are no doubt aware, it is difficult under any circumstances to institute disciplinary proceedings against a member of the Reserves, therefore it is recommended that no disciplinary action be taken in this case and release action be taken immediately.
