Distributon List

SEXUAL ORIENTATION
WORKING GROUP -
MP/SIU CASES

Ref: Minutes of meeting held 12 October 1989

1. Enclosed is a synopsis of cases involving homosexuals in the CF. For purposes of further analysis, the cases included are those which involve sexual assault or advances on unwilling victims and those where a suspected homosexual has forced him or herself on other CF members. As well, cases involving medical problems are also outlined.

2. These cases indicate not only "discipline problems" but also "morale and unit cohesion problems". Morale and cohesion problems are not normally reflected in a MP or SIU investigation unless the subject has forced him or herself on unwilling CF members.
