MEMORANDUM FOR MR. ROBERTSON

Redraft of guidelines re homosexuality
and Security

Attached is a redraft of the proposed guidelines about homosexuality in relation to employment where security clearance is required - which attempts to reflect the points agreed on by the ICSI when it considered the first draft last April. (Copy of first draft also attached.)

Mr. Hall sent the redraft to the Director General of the Anti-Discrimination Branch of the PSC, (T.G. Morry), at his request, for comment. Mr. Morry consulted with Commissioner Szlazak in preparing the response (copy attached). I have tried to incorporate the PSC suggestions into the text in red. I had difficulties on some points and these are explained in footnotes in the redraft.

I will appreciate your guidance. Perhaps then the redraft could be distributed to the ICSI (perhaps with the PSC problems indicated) for consideration at the next meeting, when the revision of the personnel security clearance directive could also be examined.
