CABINET DIRECTIVE

Security Investigation of Government Employees

The redrafting of Cabinet Directives Nos. 4 and 4A has been under consideration for some months. The policy set out in these directives cannot be fully implemented by our present screening facilities and has therefore been modified in practice.

2. The attached draft Directive has been prepared by the Secretary with representatives of other departments to set out a policy which can in fact be implemented.

3. The Panel is asked to consider if this Directive may be forwarded to the Cabinet for approval.

P.M. Dwyer,
Secretary to the Security Panel.
