MEMORANDUM

1745-42-7 (DPP)

10 Jan 92

DG Secur

Qs AND As RELATED TO HOMOSEXUALITY

1. As you are aware from media reports, consideration has been given to the possibility of revoking the present CF policy on homosexual activity. Although a decision has not yet been taken, a series of Qs and As are being developed for the benefit of commanders. One of the questions concerns discipline; another addresses security. These two questions, and possible answers, are enclosed.
2. Would you please review the questions and the draft answers to ensure they accurately express your position. As well, it would be appreciated if you could advise if there are other discipline or security questions that should be asked and answered.
3. Because of the sensitivity of the issue, and because a decision on the future of the policy has not yet been made, it is requested that this memorandum be circulated on a strict need-to-know basis. Additional information, if required, may be obtained from Mr G. Logan, DPP 2, at 995-0014.
4. A reply by 23 Jan 92 is requested.
